“Great program, great teachers and wonderful kids.” -Kari-

“The school has helped me incredibly with getting through some things in my life. It has taught me perseverance, responsibility, endurance, and many other things. I have made some incredible friends that I hope I can keep in touch with for a long time.” -Jimi-

“For my son in the “Kids with Kick“ class, Master Ginn gives the children their all and these kids thrive! My son has a ball learning forms, spending his energy on something he really loves and I can feel good about. He can grow with it too. There's a sense of family at the Dojang. That's the key. The parents hang out and chat, the children learn and grow, help each other and strengthen their skills. It's a community not a corporation. We love it all.” -Ki-

Dues:

Students pay an annual membership fee and dues are paid weekly by the Friday before they attend the program.

Family rates are available!

We are located in the Etowah Shopping Center next to the Etowah Post Office.
